Professional Summary

Computer Science undergraduate at COMSATS University Islamabad (CGPA: **3.67/4.00**) with a strong foundation in **Python, Machine Learning, Data Structures, Algorithms, and Backend Development**. Experienced in building **machine learning applications, neural network models, REST APIs, and full-stack projects** using **Python, TensorFlow, NumPy, FastAPI, SQL, and React**. Passionate about **Artificial Intelligence, Machine Learning Engineering, and solving real-world problems through data-driven applications**, seeking an **AI/ML Internship** to further develop practical AI and software engineering skills.

Technical Skills

Programming Languages

Python, SQL, Java, JavaScript, C++

Machine Learning & AI

Machine Learning, Deep Learning, Neural Networks, Convolutional Neural Networks (CNN), TensorFlow, Keras, NumPy, Data Preprocessing, Data Normalization, Model Training, Model Evaluation, Model Inference

Python Development:

Python, FastAPI, REST APIs, API Development, Exception Handling, Debugging

Databases

MySQL, PostgreSQL, MongoDB

Tools

Git, GitHub, GitHub Actions, Postman, Spring Boot, React, HTML, CSS, JavaScript

Featured Projects

ML-Digit_Predictor | Python, TensorFlow, Keras, FastAPI, NumPy

- Developed an end-to-end **handwritten digit recognition system** using a **Convolutional Neural Network (CNN)** trained on the **MNIST dataset (60,000 images)**.
- Implemented **data preprocessing, normalization, tensor reshaping, and prediction pipelines** for image classification.
- Built **FastAPI-based REST APIs** for real-time model inference and prediction requests.
- Integrated frontend and backend components to create an interactive machine learning application.

GitHub: https://github.com/khushnood956/ML-Digit_Predictor

University Lost & Found System | Spring Boot, React, MySQL

- Developed **RESTful APIs** and implemented CRUD operations using Spring Boot and MySQL.
- Designed relational database schemas and integrated backend services with a React frontend.
- Implemented validation, exception handling, and API testing using Postman.

Education

COMSATS University Islamabad

Bachelor of Science in Computer Science • 3.67/4.00

February 2024 - December 2027

<https://islamabad.comsats.edu.pk/>

Relevant Experience & Knowledge

Data Structures & Algorithms • Object-Oriented Programming • Database Systems • Probability & Statistics • Software Engineering • Operating Systems
